The Lacco Cup will start off South Channel No 6 in the Pinnacle Channel and head to Pope's eye then some other marks (we'll set the course once we know have a firmer view of the weather) and finish off Queenscliff.

We've got Queenscliff boats joining us.

It's an ebb tide!

Check your fuel is topped up!

You can use electronic Navigation Devices

Make sure you have mooring lines (3-4) and fenders set up before entering Queenscliff Harbour.

We'll have a Rib to help with passing mooring lines ashore.

We'll have an escort stationed off Portsea when boats start returning. Our last escort will leave Queenscliff at 3.30 and travel back at Couta Boat Speed.

Have fun!
